## McClellan Says Swim Team Will Perform Tonight at Park

### Hoffa Threat to the Nation

FORT WORTH, Tex. (AP) — Sen. John L. McClellan, D-Ark., has said power sought by Teamsters boss Jimmy Hoffa threatens the nation's security, and has called on Congress to take affirmative action toward controlling the union boss.

McClellan said in a speech to the State Bar of Texas 79th convention Thursday that Congress has fallen down in not adopting remedial legislation that would cure "shocking revelations in the field of labor-management relations" uncovered two years ago by his Senate permanent subcommittee on investigations.

McClellan said he intends to introduce legislation to thwart Hoffa's attempt to mold a powerful coalition of transportation unions, and disclosed that plan in a guest column written for Victor Riesel, a syndicated labor columnist.

Hoffa has renewed a drive to form a coalition of land, sea and air transportation unions, McClellan wrote that the consequences of such a coalition were "indeed frightful to contemplate."

"Mr. Hoffa and his satellite unions would largely control the destiny of our free enterprise system," he wrote.

He continued that his legislation would outlaw any pact among transportation unions such as Hoffa has proposed.

McClellan said in an interview in Fort Worth that he was "not after Hoffa as an individual," adding that he was striving to control the tremendous power the Teamsters Union president seeks to obtain.

"It is not a personal crusade against Hoffa but merely a campaign to challenge his power or the power of anyone who poses a threat to the nation's security," said the senator.

McClellan also said he was working on legislation to work with problems of work stoppages and slowdowns at missile bases.

### Opinion on Glover Is Favorable

LITTLE ROCK (AP) — The state Agricultural Stabilization and Conservation Committee reported Thursday it had returned a favorable opinion to Washington in a case involving Mark S. Glover of Nison.

J. C. Portis of Lapania, committee chairman, said the decision was reached several weeks ago in a closed session.

The case involved ownership arrangement and use of 9,000 acres of land in Cleveland and Lincoln counties which were placed in an Agriculture Department reserve project.

Glover's wife and her mother and sister inherited the land in 1943 when Mrs. Glover's father died. The estate was dissolved in 1948 with each getting a portion. Following this action some of the land was signed to 10 years under the conservation reserve program and pine seedlings were planted. Payments went to each owner.

Federal rules governing the program allow each project up to \$5,000 for each person who either owns or participates in such a project.

An investigation was held to determine if such payments should be lowered and the ASC ruled in favor of the Glovers.

### Eichmann Admits He Feels Guilty

By THOMAS A. REEDY

JERUSALEM (AP) — Adolf Eichmann conceded under rigorous cross-examination today that he felt guilty "from the human point of view" for the death of millions of Jews in World War II.

Atty. Gen. Gideon Hausner took up the cross-examination after Eichmann completed his direct testimony with a plea that Israel understand that Hitler's dictatorship forced him against his will into the program of exterminating Europe's Jews.

"Do you confess to being an accomplice in the murder of millions of Jews?" Hausner demanded in one of his first questions.

"That I cannot admit," Eichmann replied. "So far as personal guilt is concerned, so far as my participation is concerned, I must point out that I do not consider myself guilty from the legal point of view. I was only receiving and carrying out orders. If the Jews who were deported by me found their death, then the legal aspect has to be examined."

"Will the accused please refrain from speeches and answer my question yes or no," Hausner declared. "My question is not a legal question. You, in your own heart, do you feel yourself guilty as an accomplice to the murder of millions of Jews?"

### Body Is Exhumed at Clarksville

CLARKSVILLE, Ark. (AP) — Morticians exhumed the body of a 29-year-old Clarksville woman at midnight Thursday, then drove it to Little Rock for an autopsy by the state medical examiner.

Sheriff Howell Arnold and Deputy Prosecutor Marvin Holman looked on at Stillwell Cemetery as the body of Mrs. Dorothy Deen Vaughn, 29, who died April 9 of a bullet wound in the head, was lifted from the muddy grave.

Circuit Judge Audrey Strait earlier in the day had ordered the body exhumed and the autopsy held. The examination was scheduled for early today at the University of Arkansas Medical Center.

Coroner D. H. Vaughn, the dead woman's brother-in-law, ruled suicide at the time of death. But Mrs. Vaughn's father, Hoyt Williams of Clarksville, demanded last week that the body be exhumed and an autopsy performed. He said there was no autopsy when Mrs. Vaughn died, and added that she died "suspiciously."

Her husband was G. W. (Duke) Vaughn, formerly of Clarksville. Holman asked circuit court for the order to exhumate the body and perform an autopsy. He said he thought the case deserved further investigation.

Officers said the autopsy would determine the angle at which the bullet entered the woman's head.

CONFESSES — NATHAN CURRY, 15, LEFT, HAS CONFESSED the brutal murder of Mrs. Florence Hussey, right, in her home at Cisco, Tex. Officers said the church secretary had been stabbed 14 times and then beaten with a brass flower pot.

### Kuwait Says Iraq Building Up Forces

By COLIN FROST

KUWAIT (AP) — Kuwait's army commander in chief charged today Iraq's Premier Abdul Karim Kassam is continuing his military buildup and said "We are ready to fight if Kassam wants to."

Brig. Sheikh Mubarak al Jahar al Sabah, 29, British-trained nephew of Kuwait's ruler, declared in an interview: "We will defend our country with all the power we possess."

Mubarak spoke to this correspondent at the advance headquarters of the three-nation Kuwait defense force—a closely guarded desert fort.

British soldiers stripped to the waist and Kuwait troops in flowing headgear stood on watch with rifles and machine guns under the blazing desert sun. Inside the fort perimeter, a couple of cow-roamed quietly in search of scraps of fodder while helicopters and a reconnaissance plane brought in intelligence reports from advance positions on the tense frontier with Iraq.

Mubarak, immaculate in khaki drill uniform and scarlet beret, said his intelligence reports said the southward movement of Iraqi armor was continuing late Thursday night.

This conflicted with information from lower ranking British military sources who said they believed the situation has become static.

Mubarak said Saudi Arabian paratroops armed with modern American equipment now are in advance positions. He refused to disclose the numbers on security grounds.

Official reports of the Saudi contribution to Kuwait's defense have varied from about 2,000 to around 200. The lower figure is believed nearer the truth. But the Saudi army has first-class equipment plus big air transports and could quickly boost strength here if necessary.

### Warrants Issued for 32 Arkansans

LITTLE ROCK (AP) — More misdemeanor warrants were served Thursday on 32 Arkansans arrested April 5 in a five-state federal crackdown on unlawful sale of migratory waterfowl.

U.S. Marshal Beal Kidd said all 32 had been arrested earlier on charges of unlawfully selling wild ducks and geese. He said Thursday's warrants were a cleanup of the earlier series of arrests.

Although illegal sale of migratory waterfowl is now a felony, the warrants were for offenses before last September 1, when the crime was a misdemeanor.

Anthony M. Stefano, a criminal investigator for the Fish and Wildlife Service, bought 1,300 wild ducks for about \$2.10 in a two-year investigation in Arkansas.

### Missile Hits Target 9,050 Miles Away

By HOWARD BENEDICT

CAPE CANAVERAL, Fla. (AP) — The business end of an Atlas missile hurtled out of the western sky like a blazing meteor and crashed into the Indian Ocean early today at the end of the longest military rocket flight on record—a 9,050-mile journey from Cape Canaveral.

The distance exceeded by only 10 miles the course covered by two Atlases also fired into the Indian Ocean last year. But, more important, it marked the first long-range success for an advanced Atlas being developed to carry blockbuster payloads almost halfway around the world.

The Air Force had been deeply concerned about seven failures in 10 previous test launchings of this new Atlas "E" series. But, pleased officials reported after today's success that the problems appear to be licked.

The huge missile, 85 feet tall and weighing more than 100 tons on liftoff, blasted off just before midnight Thursday night and darted into a star-filled sky. About 4½ minutes later, an inertial guidance system sensed the rocket was on the proper course and ordered engine shutoff and separation of the nose cone.

The 12-ton cone followed a ballistic trajectory which carried it nearly 1,000 miles high and peak speed of 17,000 miles an hour. On its all-over-water course, the warhead zipped east of the tip of South Africa.

Fifty-three minutes after the launch, two tracking planes and a ship followed the cone's fiery path as it plunged back into the heat barrier of the earth's atmosphere and dived on target about 1,000 miles southeast of Cape Town, South Africa.

The improved Atlas, made by General Dynamics - Astronautics, is the most powerful United States military rocket being test flown. Its three massive engines generate 400,000 pounds of thrust, 40,000 more than the earlier D missile, which has been operational nearly two years.

The E rocket, scheduled to become operational within a few months, is designed to carry a larger hydrogen warhead or to boost the present D warhead to targets up to 12,000 miles away.

### World Bright for Man and His Family

GALLUP, N.M. (AP) — Thursday morning the sun shone on a better world for Charlie J. Smith and his wife and six children.

Munday he was promoted from a pick and shovel man on a Santa Fe railway section gang to machine operator. The boost in pay would help him and his wife after struggling along for seven years of married life on the meager earnings of a rail section hand.

Smith could probably get to see his family more often, and maybe they wouldn't have to be living apart.

The dreams and plans of the Smiths' future were blotted out in a tragedy-stricken hour of horror.

### Silent on CD Shakeup

WASHINGTON (AP) — The White House says a decision on reorganizing the nation's civil defense system has not been completed.

"We aren't prepared to say anything about it," White House press secretary Pierre Salinger said Thursday.

He spoke to newsmen after President Kennedy met with Secretary of Defense Robert S. McNamara and Frank B. Ellis, director of the Office of Civil and Defense Mobilization.

McNamara and Ellis are the two principals in the reported struggle over the major role in civil defense. Budget Director David Bell also attended the White House meeting.

Kennedy has told Congress the Pentagon should take over chief responsibility for civil defense.

Ellis has opposed the shift, insisting civil defense responsibility should remain a civilian function under his agency.

### Treatment of Riders Is Investigated

By THE ASSOCIATED PRESS

An investigation of Mississippi's treatment of so-called "Freedom Riders" appeared at an end today but two Minnesota officials declined to make a statement on their findings.

The governors of both states have apparently asked that no statement be made until after a report has been filed with Minnesota Gov. Elmer Anderson.

Minnesota Asst. Atty. Gen. John Casey Jr. and Mrs. Wright Brooks, chairman of the Minnesota Human Rights Commission, represented Anderson in the investigation.

They conferred with Gov. Ross Barnett, went on a guided tour of jails and schools and inspected Mississippi's penal facilities. Five Freedom Riders, four of them from Minnesota, were interviewed by Mrs. Brooks.

Attempts by the city of Newburgh, N.Y., to limit the amount and duration of some welfare payments were defended by city officials as morally sound and financially necessary. However, some critics said the regulations are illegal, inhumane and founded on anti-Negro prejudices.

In other developments: Jackson, Miss., police arrested six Negroes, apparently all teenagers, when they attempted to integrate the white waiting room of the Greyhound bus depot. They were charged with breach of the peace.

The Rev. Martin Luther King Jr., Atlanta Negro integration leader, told a Jackson rally Thursday night to use nonviolent methods to break down race barriers. He urged the approximately 1,500 persons present to "be ready to suffer, sacrifice and even die."

Let the Negroes fill the jail houses of Mississippi.

Three downtown Oklahoma City eating places, site of frequent racial demonstrations for several months, have ended their segregation policies.

The Atlanta Board of Education turned down appeals of 38 Negro students seeking school desegregation transfers and an appeal by a white girl seeking to transfer from a school slated for integration this fall. Atlanta is under federal court order to end segregation in the eleventh and twelfth grades of public schools in September.

Twenty-nine Negro juveniles, arrested during an anti-segregation demonstration in Louisville, Ky., last month, have been placed on probation.

Asheville, N.C., has integrated its first school, assigning five Negro children to the previously all-white Newton Elementary School.

The White House confirmed early last week that the President had asked the FBI to investigate whether unauthorized information had been disclosed.

Pierre Salinger, White House press secretary, said that a recent Newsweek magazine article on possible plans in connection with the Berlin crisis was only one of several articles that resulted in the investigation.

Newsweek said that in collecting material for its article its staff members "talked to many informed sources at the Pentagon and elsewhere. At no time was Newsweek given any classified document, access to any classified document, or information derived from any document that already had been classified."

Presidential press secretary Pierre Salinger stressed that the conference should "not be characterized in any way as an emergency-type meeting or a crisis-type meeting." Rather, he said, it is one of a series of meetings that have been going on almost daily.

Those attending will be Secretary of State Dean Rusk, Secretary of Defense Robert S.

### Protests Try to Limit Welfare Aid

ALBANY, N.Y. (AP) — Attempts of the city of Newburgh to limit the amount and duration of some welfare payments were defended by city officials today as morally sound and financially necessary.

But critics said the regulations were illegal, inhumane and founded on anti-Negro prejudice.

These were the opposing arguments readied for a hearing before members of the State Social Welfare Board on the Newburgh issue, which has become a focal point for board debate on the entire scope of public welfare.

City Manager Joseph Mitchell said the city was determined to proceed "with social reform by whatever means within our disposal."

The State Social Welfare Department, which is governed by the board, has said several of the proposed rules in Newburgh were illegal. The department says non-conformity by one welfare district jeopardizes the whole state's claim to federal aid.

This would appear to eliminate any chance the board might give the Hudson Valley community permission to implement all of its rules as planned July 15.

The board is expected to specify which rules it approves and which it rejects. Efforts by the city to implement any rejected ones probably would lead to court action.

The proposed regulations that have brought about the most argument would:

1. Make the mother of one or more illegitimate children ineligible for further aid if she had any more such children.

2. Limit all welfare recipients except the aged, blind and disabled to three months of aid in any one year.

3. Limit the amount of money for a family to an amount no higher than wages of the lowest-paid city employee with an equal number of dependents.

The Welfare Department has said that legitimate need, not arbitrary standards, should govern payments.

Newburgh officials have said the city's taxpayers can no longer continue absorbing mounting relief costs.

Officials say 5 per cent of the population is on relief.

The city spends \$800,000 a year for welfare, but nearly \$500,000 of this comes from federal or state aid. The city estimates its own contributions to welfare costs this year at \$450,000. The city budget is more than \$3 million.

A large portion of the welfare recipients are Negroes, and the National Assn. for Advancement of Colored People has charged that racial discrimination figures in the welfare crackdown.

### Probe of Pentagon Leak Ends

WASHINGTON (AP) — The FBI apparently has completed its investigation of alleged leaks of military secrets at the Pentagon.

But neither the Pentagon nor the FBI would say whether the probe revealed the source of articles that had disturbed President Kennedy.

The White House confirmed early last week that the President had asked the FBI to investigate whether unauthorized information had been disclosed.

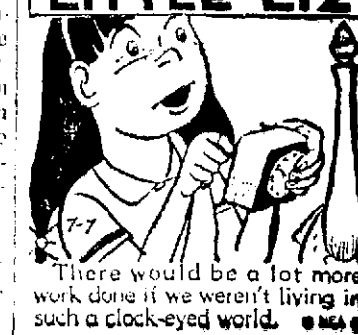

Pierre Salinger, White House press secretary, said that a recent Newsweek magazine article on possible plans in connection with the Berlin crisis was only one of several articles that resulted in the investigation.

Newsweek said that in collecting material for its article its staff members "talked to many informed sources at the Pentagon and elsewhere. At no time was Newsweek given any classified document, access to any classified document, or information derived from any document that already had been classified."

McNamara, and Gen. Maxwell Taylor, presidential military adviser.  
The conference at Kennedy's white frame residence at Hyannis Port, Mass., is expected to last several hours.  
The President plans to take off by jet from Andrews Air Force Base outside Washington at 5 p.m.

arriving at Otis Air Force Base on the Cape an hour later. Some other members of the family will go along. Mrs. Kennedy and the children already are there.

The two Cabinet members and Taylor plan to fly up independently Saturday, Salinger said.

In response to a quest, Salinger told reporters the session Saturday will deal with Germany and Berlin generally, rather than with the reply the United States is drafting to Soviet Premier Khrushchev's recent message on the Berlin situation. Salinger said the answer has been "pretty well worked out." But he said it probably will not be transmitted until next Tuesday, at the earliest.

The press secretary said he looked for no particular news out of the meeting Saturday.

Kennedy met with his Cabinet for nearly an hour today, "the eighth Cabinet meeting since he took office—but, Salinger said, he didn't know whether Berlin and Germany were particular points of discussion.

Kennedy, he said, has been having meetings "virtually every day on some aspect of the problems."

This morning, Kennedy met with Rusk in advance of the Cabinet session. But Salinger said this did not involve the German question.

rying out the implementation," Eichmann said.  
Hausner asked Eichmann what he meant by saying once he would gladly jump into the grave knowing that "five million enemies of the Reich" had died.  
Eichmann insisted that he did not refer to Jews but to "the foe which was storming the gates of the capital of the Reich."

Hausner asked Eichmann if he considered just the death sentences handed down at Nuernberg to Marshal Hermann Goering and Karl Frank, Nazi overlord in Czechoslovakia, for their role in the killing of Jews.  
"Yes, since they were people who gave orders they had to bear responsibility," Eichmann said.  
"They had to take the consequences."

When the prosecutor told Eichmann, "You were always strictly anti-Semite," Eichmann replied: "I was never an anti-Semite. I was a very tough nationalist. I have confessed to that. I have never disputed that."

In direct testimony, Eichmann said he hid out after the war and then fled to Argentina because he felt his trial would be "political" rather than legal.

## Magicians Admit Its All a Trick

By DORMAN CORDELL

ATLANTIC CITY, N. J. (AP)—A bunch of magicians told me the inside story today: There's a trick to what they do.

I felt like an American spy turned loose in Khrushchev's private files.

Some 500 members of the International Brotherhood of Magicians are holding their convention here—and revealing secrets of their arts left and right to one another.

And to anybody else who happens to be around.

I even found out how to cut off a woman's head with a genuine buzz saw—and restore it in good condition, of course. The head, that is.

"Listen, a magician's most closely guarded secrets are available in any public library," said one magician. "They always have been. Where do you think I got most of my act?"

Besides, the secret is only part of the effect, he added. Even more important is the performer's skill.

"Yes, you can tell the amateur," said Okito, a specialist in oriental magic who has been a performer for 55 years. "The master's touch just isn't there."

Okito, whose real name is Theodore Bamberg and who lives in Chicago, is descended from a family of magicians that reaches back seven generations, to the early 17th century.

The easiest people to mystify, said Okito, are brilliant ones. "They are more apt to think logically, which plays right into a magician's hands," he said.

## Slaying Suspect Is Sought

FORT SMITH, Ark. (AP)—Sheriff Fred Hayes issued a pick-up order today for a sandy-haired, ruddy-faced man, about 40, seen Monday near where a California's body was found Tuesday.

Hayes said two area residents described the man, who they said tried to hitchhike a ride with them Monday afternoon, shortly after a pickup truck containing a body identified as that of John W. Windham, 31, of Pittsburg, Calif., was found parked on an Arkansas River road.

The two unidentified witnesses saw the truck as they returned from the river bank, Hayes said, and it was not there when they passed en route to the river.

longer visit with his grandparents.

Mrs. Bill Morton and children of Louisiana are visiting with Joe Morton and Misses Hazel and Bea Abram.

Brig. Gen. Harry Lemley Jr., and family will arrive Sunday to visit Judge and Mrs. Harry Lemley while enroute to his new assignment as assistant commandant of the Commanding General staff school at Ft. Leavenworth, Kan.

## Group Judges Flower Show

MEMBERS OF LOCAL GARDEN CLUBS WERE FLOWN to Neosho, Mo. June 30 by Corn Belt Hatcheries to judge a flower festival there. Making the trip were, left to right: Mrs. Lyle McMahon, Mrs. T. P. Foster, Mrs. Jim James, Mrs. Wallace Monroe and Mrs. Harold Brents.

Mr. and Mrs. Thomas Romaine Searcy

On Saturday evening, June 17, Miss Genevieve Marie Cash became the bride of Thomas Romaine Searcy, son of Mr. and Mrs. Pat R. Searcy of Birmingham, Ala. The bride is the daughter of Mr. and Mrs. J. W. Cash of Hope.

The wedding was performed at Garrett Memorial Baptist Church with the Rev. Elbert O'Steen of Warren officiating. Mrs. Wade Warren played the organ in a program of traditional nuptial music and accompanied vocal soloist, Billy Wayne Mitchell. Before the exchange of vows he sang "Whither Thou Goest" and "Because." The bride's twin sis-

ters, Misses Mary and Margaret Cash, lighted the candles.

The bride was given in marriage by her father. She wore a ballerina-length gown of white lace over tulle, which the bride had fashioned with a round neckline and long sleeves tapering to petal points over the hands. A white tulle coronet trimmed with seed pearls held her veil in place. Her only jewelry was a strand of pearls, a gift of the groom. She carried stephanotis centered with a white orchid.

An altar decorated with baskets of white gladiolus and white lilies in seven branched candelabra was the setting for the double-

## Short Moisture Hurting Crops

LITTLE ROCK (AP)—Soil moisture was short over most of Arkansas by the end of last week, the Crop Reporting Service said today.

The only counties with adequate moisture were located in the extreme southeast and northwest, the agency said in its weekly bulletin.

Cotton is in fair to good condition, however, although late and just now beginning to develop normally.

Rice is reported in good condition in all growing areas.

ring ceremony. At its conclusion the couple knelt on a white prie-dieu while Mr. Mitchell sang "The Lord's Prayer."

Miss Connie Angel of Dallas, was the bride's maid of honor. Mrs. Jack Porter of Dallas, sister of the bride, was her bridesmaid. They wore identical dresses of pink cotton and daeran designed with large puffed sleeves and round neckline. A matching bandeau was worn with a short veil and each carried mulberry-colored carnations.

Jack Porter of Dallas, served as best man. Ushers were Loren Chandler of Dallas and Dale Booker of Emmet. Mr. Chandler also served as a groomsman.

For the wedding of her daughter Mrs. Cash wore a beige dress with white accessories and Mrs. Searcy, mother of the groom, wore a navy blue dress with white accessories. Each had a white carnation corsage.

Following the ceremony at the church a reception was held in the home of the bride. The brides' table was covered with a white lace cloth and centered with the bouquets of the wedding attendants, as well as with white tapers. Serving the tiered wedding cake was Miss Judy Rae McDowell and Miss Joyce Riley served the punch. Miss Faye Searcy of Birmingham, Ala., sister of the bridegroom, had charge of the bride's book.

Grandparents of the couple attending the wedding and reception were Mrs. H. K. Hall of Hope, grandmother of the bride and grandparents of the groom, Mrs. Andrew Vaughn and Mr. and Mrs. Pat R. Searcy Sr., all of Birmingham, Ala. Others from out of town attending included Mr. and Mrs. Jess Wells and Winnie Faye of Gardon.

When the couple left for a southern wedding trip, the bride wore an aqua suit with white accessories and pinned the orchid from her bouquet at her shoulder. Upon their return they will make their home in Dallas.

## Russia Will Ask Deadline on Kuwait

By A. I. GOLDBERG

UNITED NATIONS, N.Y. (AP)—The Soviet Union is expected to demand that the Security Council set a deadline for Britain to withdraw her troops from Kuwait.

Soviet delegate Platon D. Morozov made plain he would seek to amend a British resolution calling on the United Nations to guarantee the independence of the desert kingdom claimed by Iraq.

The Soviet diplomat charged the British resolution was a maneuver to justify the presence of British troops in the oil-rich Persian Gulf territory "and to legalize them there for an indefinite period of time."

In the council Thursday Britain again promised to remove her forces from her former protectorate the moment Kuwait's ruler, Sheikh Abdullah as-Salim as-Sabah considers Iraq's threat to take over his sheikdom has been removed.

Sheik Abdullah has appealed to the British for military protection. The Kuwaiti education director, Abdel Aziz Hussein, representing the sheik in the council debate, said Kuwait would ask the British to withdraw only after the U. N. affirms Kuwait's independence, declares Iraq has no valid claim and admits Kuwait to U. N. membership.

As the council headed for a

## Stolen Blank Checks Cashed

CONWAY, Ark. (AP)—Five of 26 blank signed checks stolen from a Midland Constructors field office at Damascus Saturday were cashed in North Little Rock groceries.

Midland Office Manager W. A. Moore said all five checks were written for \$235.41 payable to a M. W. Tanner. Total amount of the checks was \$1,632.05.

The checks can be written for a maximum of \$400, Moore said.

vote on the British resolution this afternoon, at least three members—Liberia, Chile and Turkey—indicated they felt the Kuwait-Arab dispute should be left to the Arab League to solve.

However, a British delegation source said he was confident there are enough votes in the 11-member council to put over the resolution as a first step.

The move to shove the dispute to the Arab League drew a warning from King Saud that there can be no mediation unless Iraq drops its claim of sovereignty over its rich neighbor.

The Saudi Arabian monarch, who has sent troops to help defend Kuwait, told Arab League Secretary-General Abdel Khalek Hassouna "the issue is one of independence, or mediation over Kuwait's independence which has been recognized by all."

## DOROTHY DIX

He Was a Dancing Man

By HELEN WORDEN ERSKINE

Dear Helen: I can't keep my feet still when the band strikes up, and that's my whole trouble. When me and my wife married I was teaching in a national dance chain studio. The job paid well and the work was easy to take, it being second nature for me to put rhythm into any girl on a dance floor. No kinks from the wife until she went home to mother to have our second baby. While she was gone, I got transferred to another town and she wrote that if I wanted to see her and the children again to quit being a dancing man and find a real job I love dancing but I love my wife more; so I took what she would call a decent job. Now she says she won't come back ever, I think her folks keep us apart. She and the children are on the family farm. At one time she said she would never live there again. What can I do to get her and the kids back? — R.

Dear R.: There are two sides to every story. Get your wife's side. If she won't come to you, go to her—at once. Listen to her gripes and show, by your willingness to right them, as you've already done in changing jobs, that she and the children hold first in your heart and life. Make it clear that you don't intend to let anybody, not even her parents, separate you. Be forceful. Take the aggressive!

Dear Helen: My mother's boy friend fell in love with one and I with him. Now she hates me but I couldn't help it any more than he could. I am 18, he is 21. We have to marry in October. — Unhap-

py Dear Unhappy: Two wrongs don't make a right. This man, who is more than twice your age and far more experienced, should be strong, if you are not. Your mother is well rid of him and you'd better be too, if you value your future happiness. Put him out of your life, even if it means leaving home. I realize this won't be easy, my dear, and you'll probably suffer more than the cradle snatcher or your mother but, in the end, you'll be the winner.

Dear Helen: I was raised on a farm and never went anywhere except to school. Knowing nothing about life, I got into trouble, married a man with a prison record and have been paying for it ever since. He drinks, chases women, and can't keep a job. We have four children, and, after 14 years, no savings. My husband worries more about his dogs and rabbits than he does me. Is there any hope for him—or me and our children? — Wretched Wife

Dear Wife: Being an ex-convict your husband must have been on probation. Ask the parole officer who handled his case to help you get him in line again. The probation people are usually pretty understanding and just as anxious as the family to see their charges go straight.

Send your problems to Helen Worden Erskine. Be sure to enclose a stamped, self-addressed envelope and advise her care of this newspaper. Helpful! leaflets available. Write to "The Ideal Husband."

## 3 Establishments Give Up Fight

OKLAHOMA CITY (AP) — Three downtown Oklahoma City eating establishments are now serving Negroes after fighting off integration demonstrations for almost a year.

The change in policy was announced Thursday by Harvey P. Everest, chairman of the governor's committee on human relations.

Everest said lunch counters at a department store and variety store and a cafeteria have given integrated service on an experimental basis for about two weeks and the policy is being continued.

## Man Bequeathed Over Million

NEWTON, Mass. (AP) — For 50 years Charles W. Abbott, 67, was employed as a personal secretary for Maude B. Kimball, an elderly widow.

He retired two years ago — on a Social Security pension. Mrs. Kimball died recently. Her will was allowed Thursday in probate court — Abbott was bequeathed \$1,296,500.

## Girl Confesses to Slaying Child

BUFFALO, N.Y. (AP) — Chryl Jolis, 15, a schoolgirl with a history of mental disturbances, has sobbingly confessed that she bound and gagged Andy Ashley, 3, and says she left him at the edge of the park lake where he was drowned June 23, police report.

But the girl continued to deny that she drowned the blond, neighbor boy, Chryl said. Police said Chryl told a psychiatrist Thursday night that she also kidnapped another youngster, Richard Edgington, 5, who was found bound and gagged but unharmed the day before the Ashley kidnapping-slaying.

The girl has been undergoing mental tests at a hospital here since Tuesday. Police have obtained a warrant charging her with the Edgington kidnapping but have withheld it so far, pending the outcome of the psychiatric tests.

## Bids Opened on Base for Missiles

LITTLE ROCK (AP) — Army Engineers today open bids on the second phase of the construction of the Titan II intercontinental ballistic missile complex in north central Arkansas.

Bids were to be opened at 10 a.m. at the Marion Hotel. Engineers said the government estimate for the second phase of the project would not be released until after the bids were opened.

Phase two calls for the installation of conduits, electric generators and other equipment necessary for the launching of the missiles. The low bid on the first phase was \$28,695,155. It included excavation for the silo - type launching sites, underground control room excavations and the like.

The government estimate on phase one was \$28,010,000.

Today's bid opening was under the director of Col. C. H. Dunn of the Corps of Engineers' Ballistic Missile Construction Office in Los Angeles.

The first phase of construction is about two weeks ahead of schedule and its completion is expected within the next two months.

Col. Julian M. Bleyer, the site's activation task force commander for the Air Force, told newsmen on a tour of the sites Thursday that completion of the entire project is set for sometime in 1963.

So far, officers told newsmen more than 27,275 cubic feet of concrete has been poured and 6.6 million pounds of steel has been thrown into the project. Before the project is completed, 42 million pounds of steel will be used and more than a million cubic yards of earth displaced.

The third phase, which will come later, calls for the actual installation of the nuclear missiles and their testing by the Martin Co. which is installing the Titans, Col. Bleyer explained the missile as an increase deterrent weapon which has a nuclear warhead with a striking range of more than 6,000 miles. Actually, it is still on the drawing board.

Other Titan complexes will be located at Wichita, Kan., and Tucson, Ariz.

## Printing Bids Are Being Tabulated

LITTLE ROCK (AP) — Tabulation of bids for state printing and supplies was completed Thursday. But the week-long bid controversy isn't over.

Secretary of State Nancy Hall said a special committee will determine which bids were low. She said the committee would be composed of Tom Boone, a retired printer; Fred Canady, a printer and publisher of a weekly newspaper at England, and Kelly Bryant, former state printing clerk.

Selection of the committee apparently was an effort to remove any possible basis for complaint in determination of low bidders. Last Friday, when bids were opened, some bidders wanted Mrs. Hall to reveal the bids by categories and reopen them at set times.

But she continued in an old pattern, with her and her staff tabulating the bids to determine which were low. One printing firm said they hired a private detective to watch the Secretary of State's office at night.

## World Bright

Continued from Page One

at 8:40 a.m. Thursday. Mrs. Smith, 35, and the six children, Cecilia, 6; Richard, 5; Edward Lee, 4; Wanda Ann, 3; Loreta, 2; and Virgil Lee Smith, six months, were killed.

The family was on its way to see husband and father when Mrs. Smith made a left turn from busy U. S. Highway 66 right in front of a heavy grain truck on the outskirts of Gallup. State Police said Mrs. Smith failed to keep a proper lookout.

Gallup Police Chief Manuel Gonzales, who has seen many horrible accidents on the bustling highway, said it was the worst he had ever seen.

Smith, a Navajo Indian as was his wife, was brought to the scene of the accident, which was only a few blocks from where he was working, just as the ambulance was taking the last of the children away. Mrs. Smith and four children were dead at the scene and the other two died in a Gallup hospital an hour later.

After viewing his loved ones in a Gallup mortuary, he collapsed on the curb. Relatives led the grief-stricken man to their home where he is waiting to bury his dreams and family.

The bullet was never recovered.

Mrs. Vaughn was the mother of four small children.

She was buried in the country cemetery 10 miles north of here. A Clarksville utility company set up floodlights at the cemetery Friday night.

## Highway Increase

LITTLE ROCK (AP) — The Arkansas Highway Department took in more than \$54.3 million in gross highway revenues in the fiscal year ended June 30, but only \$31 million went into the highway fund after money was diverted to pay other bills. About \$23.3 million was used to meet commitments of the legislature or bonded indebtedness the state faces through 1972.

## SUSPENSE

A Short Short Story

© 1961 by MCA, Inc.

Each wanted to enjoy life.

## VITAL SAISICS

By JACK K. JEROME

Charley and Homer were men who realized the shortness and uncertainty of life they were the same age and each had a most uncommon desire to get the most out of life as long as possible.

For this reason, they consulted medical authorities regularly and read books on how to reach a ripe old age.

Charley was the outgoing type. He ate heartily, drank more than a little, smoked a pack or two of cigarettes a day, kept irregular hours and refused to be gravely concerned about anything except having a good time.

"You gotta cut down and cut out" said Dr. Brown, it was the medical authority Charley consulted.

"Elucidate, doc," said Charley. "In words of one syllable, or two, you've been burning the candle at both ends and through the middle," said the doctor. "You eat, drink and smoke too much. You don't get enough sleep. And you're overweight, which means fat."

"I'm in bad shape, huh?" Charley was a little worried for the nonce.

"No," said Doc. "I wouldn't say you are in bad shape. You are young and your body can stand a limited amount of abuse. But in time, all excesses take their toll. If you want a long life, you have to plan for it when you're young."

"In other words," said Charley. "I have to choose between a long, dull life, and a short jolly one?"

"That's close to the truth," said Doc.

"Decisions, decisions," said Charley, but he wound up by cutting down on his bad habits.

Homer was a different type from Charley. Just the opposite. He was not outgoing and he had few close friends. He spent most of his life in self-improvement. He kept himself rigidly self-disciplined, eluding almost a monastic life with plenty of wholesome food and exercise. He didn't smoke, touch alcoholic liquor, and do any of those things Charley did.

His only vice, if it can be called a vice, was a constant drive toward perfection and an attitude toward life that was entirely too serious.

Homer also went to see Doc Brown and got a different line. "You don't laugh enough, Homer," the doctor said. "You are in good physical shape, but your mental attitude is wrong. You don't relax. You're too tense, trying to hard. You'll get ulcers or something worse. And you've isolated yourself from friends, and good wholesome entertainment."

"Is this bad?" asked Homer. "I would say it was saintly," said Doc, "but men weren't intended to be saints. If you don't relax you'll lose your mental health if the ulcers and hypertension don't get you."

"I don't like to live like Charley lives," said Homer. "I wouldn't advise you to live that way," said Dr. Brown. "Just broaden your interests."

So Homer began to laugh and enjoy a few things.

Both men died at the same age and had they stayed away from the doctor the result would have been the same. Accident is the fourth greatest killer and it doesn't make any difference whether you've been good or bad when you're in one. Drive carefully. (THE END)

ESTANCIA, N.M. (AP) — Five homesites here have gone on the sale block for \$1 each.

But, there is a string attached. Each buyer must agree to build a home no smaller than 1,000 square feet in living space within 24 months after the site has been bought.

If the buyer fails to do so, the title reverts back to the seller, the Estancia Development Corp.

The corporation, headed by State Sen. Earl Parker, made the offer in hopes it will give Estancia's sagging economy a boost.

## Redlegs Keep Lead, Enter Crucial Series

By ED WILKS  
Associated Press Sports Writer

The Cincinnati Reds, who open a four-game series against second-place Los Angeles tonight, won their sixth in a row and kept a three-game lead in the National League by beating San Francisco 3-2 Thursday.

The Dodgers thumped St. Louis 10-1, ruining Johnny Keane's managerial debut with the Cards as a successor to Solly Hemus.

Pittsburgh split a doubleheader at Chicago, breezing 15-3 before the Cubs bounced back for a 5-1 decision. Milwaukee wrapped up a three-game sweep against last place Philadelphia with a 7-6 victory.

In the American League, Detroit beat Boston 3-0, but the second-place New York Yankees stayed within a half-game of the Tigers with a 4-0 victory over Cleveland. Washington defeated Baltimore 1-0, the Chicago White Sox beat Kansas City 4-3 and the Los Angeles Angels outlasted Minnesota 12-11.

The Dodgers collected a dozen hits, all but two of them singles, and five unearned runs against the Cards, turning a 2-0 lead into a rout with a seven-run third inning against loser Bob Miller (1-3) and reliever Maury McDermott. Right-hander Don Drysdale won his second this month with a five-hitter.

The Reds jumped 7½ games in front of the third place Giants by tagging relief ace Stu Miller for a decisive, seventh-inning run on Frank Robinson's triple and a single by Gus Bell. Southpaw Jim O'Toole (7-7) winless in his last four starts, shut out the Giants on three hits until the seventh inning. Juan Marichal (6-6) was the loser.

Roberto Clemente drove in five runs with five hits, one a two-run homer in the opener for the Pirates, then added two hits in the nightcap to boost his average to .351. Bob Friend (9-9) was the first-game winner. Dick Ellsworth (3-6) lost it.

The Cubs failed the second one with a four-run second inning, beating Wilmer Mizell (4-7). Glen Hobbie (6-9) was the winner. Milwaukee blew 3-0 and 5-2 leads, then came from behind against the Phils and losing reliever Don Ferrarese (1-5) with two runs in the seventh inning. Johnny Antonelli, 0-4 in the American League with Cleveland, won it in relief by facing just one man in his return to the NL. Din Mahon saved it with two perfect innings of relief.

Lake Conway: Water clear and normal. Bass fair to good on minnows and artificial bait. Bream good on crickets, worms and popping baits. Crappie fair to good on minnows.

Lake Hamilton: Water conditions clear and normal. All fishing fair on all bait.

Lake Ouachita: Water clear and normal. Bass fair on artificial and live bait. Bream fair on crickets and worms.

Lake Maumelle: Water clear and normal. Bass good, spot fishing while schooling, early and late. Bream good, fishing deep on crickets and worms. Crappie good on live minnows fishing deep.

Lake Greason: Water too hot. Fishing poor.

### American Beaten at Wimbledon

WIMBLEDON, England (AP)—Rod Laver of Australia crushed Charles (Chuck) McKinley of St. Louis today 6-3, 6-1, 6-4 for the men's singles title in the Wimbledon Tennis Championships.

The 20-year-old American, a sophomore at Trinity University in San Antonio, Tex., was no match for the hand-legged, left-handed Australian, who will be 22 next month.

McKinley, eighth-seeded, started the match with bounce and confidence but his dash was soon dulled by the brilliant shot-making of the little Australian.

Laver gave one of the finest exhibitions ever seen on the center court.

He had his high-kicking service smashing into the corners. He attacked so relentlessly that McKinley was thrown completely off his timing.

Before the match, McKinley said he thought he could win.

### Liston Told to Explain His Arrests

PHILADELPHIA (AP)—The State Athletic Commission today ordered No. 1 heavyweight title challenger Sonny Liston to show cause why his boxing license should not be lifted.

The commission issued a citation to the fighter to appear July 14. Liston has been arrested twice in the past two months and been discharged both times by magistrates.

The citation outlines the charges and requires the boxer to appear in court.

### Macon Wins Over Barons, Travs Idle

By VERNON BUTLER  
Associated Press Sports Writer

You could hardly blame Charlie Rabe if the Macon left-hander looked up the groundskeeper and unloaded a few choice words of criticism before the Peaches hit the road today for Mobile.

Some grass that the grounds crew left standing near the foul line in right field at Luther Williams field cost the brilliant Rabe a shutout last night and put added pressure on the southpaw in the late innings of his and Macon's 3-2 victory over the Southern Association leading Birmingham Barons.

A drive down the line for what ought to have been a harmless double in the seventh inning bounded into the high grass, and Birmingham first baseman Leo Smith got an inside-the-park homer good for two runs while Macon outfielder Don Ross frantically searched for the ball. The hit came with Purn Goldy on first base, and it lightened the game considerably.

The loss didn't cost Birmingham the league lead because Chattanooga fell to Shreveport 6-5. Atlanta gained ground on both leaders by trouncing Mobile 9-3. Nashville and Little Rock were rained out.

Rabe, who struck out seven Barons and walked none, improved his season record to a glittering 10-5. He pitched a five-hitter, matching Baron southpaw Doug Gallagher. Macon clustered four of its five hits off Gallagher for three runs in the second in-

ning. Rabe's single scored Lee Howell with what turned out to be the winning run.

Since Pennsylvania is a member of the National Boxing Association, a suspension probably would be recognized in the member states. Only New York and Massachusetts among the states are not members of the NBA.

Liston first was arrested on May 17, for corner bawling. Four hours later he was given a hearing and discharged.

The second arrest was in Fairmount Park June 12. Liston and a friend were charged with stopping a woman motorist in a lonely section of the park. At a public hearing Liston made a public apology to the woman and was discharged.

## Yanks Remain Within Half Game of Top

By ED WILKS  
Associated Press Sports Writer

The New York Yankees re-  
mained within a half-game of  
first-place Detroit in the Ameri-  
can League by beating Cleveland  
4-0 Thursday night behind the  
near-perfect, two-hit pitching of  
right-hander Bill Stafford. It was  
the Yanks' second shutout suc-  
cess over the Indians in two days.

Detroit stayed one percentage  
point ahead of New York after  
winning 3-0 at Boston, on the  
eight-hit pitching of Phil Regan  
and Terry Fox. Baltimore missed  
a chance to snatch third place  
from Cleveland when the Orioles  
were beaten 1-0 at Washington by  
Dick Donovan's four-hitter. The  
Chicago White Sox defeated Kan-  
sas City 4-3, with Early Wynn  
gaining his 29th career victory,  
and the Los Angeles Angels re-  
placed Minnesota in eighth place  
by beating the Twins 12-11.

In the National League, Cincin-  
nati retained a three-game lead  
by winning 3-2 at San Francisco,  
while the second place Los An-  
geles Dodgers thumped St. Louis  
10-1 in Johnny Keane's debut as  
card manager. Pittsburgh split a  
doubleheader at Chicago, romping  
15-3 before losing to the Cubs  
5-1. Milwaukee defeated Philadel-  
phia 7-6.

Stafford (7-4), a poised 6-foot-1  
sophomore from Catskill, N.Y.,  
allowed only two base runners  
while nailing his second shutout  
in the majors. He struck out  
three, walked none and retired  
20 in a row between Willie Kirk-  
land's ground rule double in the  
second inning and a leadoff sin-  
gle by Mike de la Hoz in the  
ninth.

Elston Howard belted a pair of  
solo homers for the Yankees, with  
the first leading off a three-run  
fifth inning that beat Dick Stig-  
man (2-2).

Rocky Colavito's sacrifice fly in  
the first inning gave Detroit the  
run it needed against Boston's  
Galen Cisco (1-3). Pete Runnels  
had half of the Red Sox' hits, all  
off Regan (4-4), who needed re-  
lief from Fox for the final out.

Donovan (4-0), named to the  
All-Star squad by Manager Paul  
Richards of the Orioles, struck  
out seven and didn't walk a man  
while beating Baltimore for the  
sixth straight time since August,  
1958. The Senators beat reliever  
Hoyt Wilhelm (6-4) on consecu-  
tive doubles by Willie Tasby and  
Dale Long in the seventh.

The White Sox won with two  
runs in the sixth inning, pairing  
doubles by Minnie Miñoso and  
co. 6-1, .357; Podres, Los Ange-  
les, 8-2, .300.

Strikeouts — Koufax, Los Ange-  
les, 135; Williams, Los Angeles,  
109.

## Arrested Youths Had an Arsenal

MALVERN, Ark. (AP)—Police

said two 18-year-old Oklahoma  
City boys were arrested today in  
an automobile which carried a  
half-dozen firearms, a bayonet,  
three big knives and a variety of  
other articles.

The two, who were accompa-  
nied by a dog, gave their names  
as Gerald Paul Harwood and  
Johnnie Ray Parker.

Officer Worthy Brooks said he  
stopped the automobile for a ran-  
dome check. The boys offered no  
resistance.

In the car, Brooks said he  
found two rifles, two shotguns,  
two loaded pistols, a supply of  
ammunition, the bayonet and  
knives, a tape recorder, radio  
and 100 feet of 1-1 inch rope along  
with other articles.

The boys were held for investi-  
gation.

## New Crisis May Help Aid Bill

WASHINGTON (AP)—Sen. J.

W. Fulbright, D-Ark., says men-  
acing conditions in Berlin, Laos  
and Cuba have enhanced chances  
for congressional approval of  
President Kennedy's foreign aid  
program.

Fulbright said Secretary of  
State Dean Rusk made an excel-  
lent presentation of these condi-  
tions Thursday in a three-hour  
closed session of the Senate For-  
eign Relations Committee.

Fulbright, chairman of the com-  
mittee, reported Rusk's views to  
newsmen. Rusk told the commit-  
tee that menacing conditions  
around the world made it inad-  
visable to slash the \$4.8 billion  
program.

The committee today begins to  
write the version of the foreign  
aid bill it will present to the full  
Senate.

Sammy Esposito with an error  
against Jerry Walker (3-4), Turk  
Lown saved it for Wynn (7-1).

Two walks and a single by Al-  
bie Pearson off Camilo Pascual  
(6-11), the loser in relief, settled  
it for the Angels in the ninth in-  
ning. Art Fowler (2-2) was the  
winner with two perfect innings  
of relief.

## Rain Dampens Some Areas of Nation

By THE ASSOCIATED PRESS

Showery weather dampened  
widely scattered sections of the  
nation today but no rain appeared  
likely in the drought-stricken  
areas from Montana to northern  
Wisconsin.

More showers fell during the  
night and early morning along a  
front from North Carolina west-  
ward to Oklahoma and the north-  
ern Texas Panhandle. Light  
showers also sprinkled areas in  
the Rockies, western parts of the  
Great Plains, the Upper Great  
Lakes region, along the South At-  
lantic Coast and eastern Gulf  
Coast and in the northern Pacific  
Coast states.

Rainfall amounts were light in  
most places, ranging from a  
trace to about 2 inches in a six-  
hour period. However, more than  
two inches of rain doused Ponca  
City, Okla., and nearly one inch  
fell in Albany, Ga.

Mostly fair weather prevailed  
in other sections of the country.

It was cool again this morning  
along the northern border of the  
country from the Upper Great  
Lakes region to New England and  
along the central and northern  
Pacific Coast. Temperatures were  
mostly in the 50s.

But 60 degrees readings covered  
most of the northern half of the  
country except for some 70s in  
the northern Great Plains. The  
70s were the rule in the southern  
half except for 80s along the ex-  
treme south and in the southern  
plains and 80s and 90s in the  
Southwest desert region.
